## **New Store Hours for Fall**

**Billings, MT, 11/07/2009** — In an effort to serve Computer Power's clients and customers better, computer power's offices will only be open by appointment until further notice. Computer Power's office hours had been from 4:00pm to 8:00pm.

We still will reside at 2325 9<sup>th</sup> Avenue North, however, we will only be open on an appointment basis. Computer Power can do same day appointments within reason.

This decision was made in an effort to maximize On Call time, which is still from 8:00am to 8:00pm. For all your computer needs, Computer Power can now truly be the premier computer service shop, with 12 hours of service time each day, all at the comfort of your own home. Call us today! (406) 371-0246.
